

Group Resume & Interview Workshop

For Classrooms, Colleges, and Community Groups

Resumes, cover letters, and real interview practice — together

Who it's for

Groups of 7 or more — classrooms, universities, colleges, nonprofits, community groups, and youth centers looking to prepare their members for the job search process together.

Why this matters

Landing a first job is hard enough on your own. Doing it together — with real practice, honest feedback, and everyone in the room supporting each other — makes it easier. This workshop brings a group through the same practical process as our 1:1 coaching, at a shared pace and a shared rate.

Duration: 4 hours

How it works

- 1. We build resumes and cover letters** — a practical, hands-on working session
- 2. We practice interviewing** — mock interviews, with everyone getting a turn
- 3. We give real feedback** — honest, in the moment, so it sticks
- 4. Everyone leaves ready** — resume in hand, real practice behind them

What you'll walk away with

- ✓ A resume and cover letter each participant can use right away
- ✓ Real mock interview practice, not just tips
- ✓ Honest, in-the-moment feedback
- ✓ Shared confidence going into the job search

Group size and cost: minimum group size of 7. \$200 per person — a savings off our individual 1:1 rate (\$300). For a group of 7, that's \$1,400 total.
